Handles & Knobs

Optional handles are sold individually.

Customise The Look

Any furniture that features handles will be supplied with default handles, which in most cases, can be changed to a different colour finish to match your brassware. Units with wrap-over handles can be drilled to accommodate alternative styles, but please note this will leave visible holes on the inside of the unit where the original handle was positioned. Edyn & Keva ranges include colour-matched self-adhesive screw hole cover stickers, allowing bar-style handles to be fitted if desired. This table below is for recommendation only and we advise you to check compatibility of your chosen furniture and optional handles before purchasing.

Step 3 - Floor or Wall Mounted

Ceramics

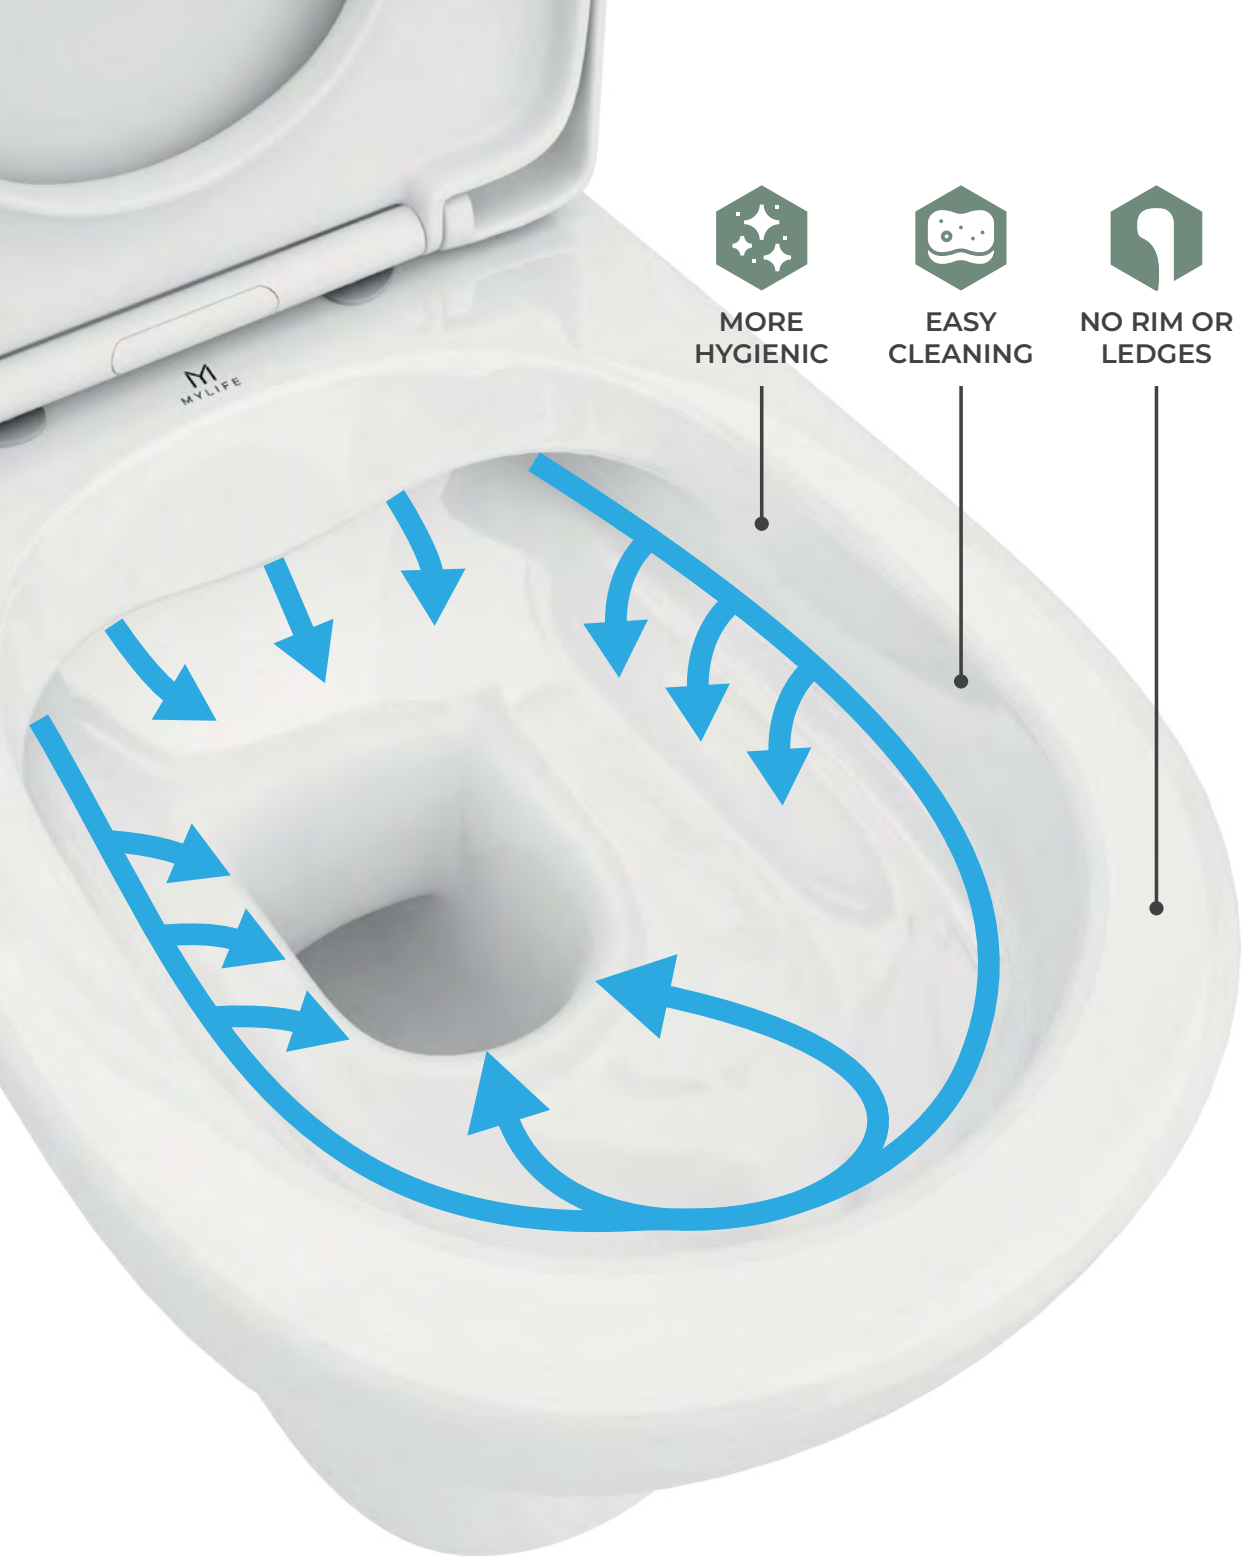

Our ceramic range goes beyond functionality. Each piece has been carefully designed with comfort, style, and quality in mind.

All of our toilet pans now feature a rimless design for easier cleaning and enhanced hygiene, eliminating the need for a rim altogether.

And whether you need a small or large bathroom basin, you'll be sure to find the perfect bathroom sink for your home in our extensive collection of both traditional and modern styles.

RIMLESS FLUSHING

A must-have for modern homes, Rimless Flushing is the latest innovation in bathroom design loved by many for its improved hygiene, better flushing performance and super-sleek look.

Our range of Rimless Flushing Toilet Pans use a direct flush that propels water around the edge of a smooth pan, offering more effective and water-saving cleaning than conventional flushing systems. With no rim around the bowl, there are no hidden areas for germs or dirt to accumulate making it easier to clean and providing a more hygienic environment.

Rimless Flushing is available now across all Fully Enclosed, Open Back, Back-to-Wall and Wall Hung Toilets.

Choosing The Right Toilet Option

FULLY ENCLOSED TOILETS

Seamlessly designed to hide pipes and fittings, creating a clean, wall-hugging appearance.

OPEN BACK TOILETS

Open Back Toilets have a rear opening, providing convenient access to plumbing for maintenance.

BACK TO WALL TOILETS

Back to Wall Toilets sit flush against the wall, offering a sleek, streamlined design.

WALL HUNG TOILETS

Wall Hung Toilets are mounted on the wall, creating a modern look and easy floor cleaning.

SHORT PROJECTION TOILETS

Compact design that extends less from the wall, ideal for smaller bathrooms while maintaining comfort and style.

COMFORT HEIGHT TOILETS

Slightly taller, offering easier sitting and standing with added comfort and accessibility.

SEMI COMFORT HEIGHT TOILETS

Slightly higher than standard, offering improved comfort while maintaining a more familiar seating height.

STANDARD HEIGHT TOILETS
