Eastbrook 

The Brand Making Waves, in the Bathroom Industry

"Choice Of The Professional"

An **Eastbrook**  Brand

An Introduction

Introducing our Beaufort Bath Collection, a name inspired by the renowned Beaufort Wind Force Scale from the Met Office's shipping forecast.

Explore our stylish, clean, and aesthetically pleasing designs, each dedicated to distinct sea regions that capture the spirit of powerful winds and serene weather.

What Sets Us Apart?

Maintaining Warmth | Environmentally Friendly

Both the Beaufort and Beauforté Baths maintain warmth effectively. The standard 5mm bath is stormproof with our special fibre and resin mix. The Beauforté, with extra reinforcement, enhances insulation underneath the bath, ensuring prolonged retention of warm temperatures. This means you can enjoy a long, relaxing soak without the need to top up with hot water, promoting efficiency and environmental friendliness.

Strength | Style | Craftmanship | Price

Let's start with the essentials: Beaufort baths proudly embody the pinnacle of British craftsmanship and incorporate state of the art technical manufacturing. Meticulously crafted in the UK, each bath reflects a commitment to skill and precision.

Our exclusive casting process ensures a seamless, vibrant, and enduring white finish that permeates the entire material, available in both regular and Matt White versions.

Seeing is believing! View our Lorry vs Beauforté strength test via the QR

Beaufort: Strong Beauforté: Stronger Still

Our commitment to quality is evident in every manufacturing detail—each **Beaufort** bath is crafted from a 5mm Asterite sanitaryware grade cell cast acrylic sheet.

Enter **Beauforté**—the ultimate in bath strength. Through an intensive process, we add an ultra strong layer of reinforcement to the underside of each bath. This not only boosts its strength to rival that of a steel bath but also enhances its heat insulation properties.

The outcome? A bath that stands as a powerhouse, about 45% stronger than your typical acrylic bath. When you choose a Beaufort bath reinforced with Beauforté, you're selecting arguably the strongest and most durable acrylic bath on the market today.

Built To Last

All baths are formed with precision using state of the art vertical vacuum machines for consistent shaping and controlled material thickness.

Elevate your bathing experience with the confidence of pinnacle strength, great warmth and product longevity.

Bath Range

Located in the curved gulf where the west coast of France meets the north of Spain, the Biscay sea region is notorious for some of the fiercest weather conditions of the Atlantic Ocean.

Imagine indulging in the luxurious Biscay bath—a design inspired by its resilient namesake region. Its straight end corners, embraced by a deep ledge, create a space efficient haven. With a generous bathing area and a depth of 440mm at its zenith, this bath promises a truly opulent and comfortable soaking experience.

What is a Whirlpool System?

A Whirlpool (water jet system) is a powerful system that operates using whirlpool pumps to suck water from the bath. The water is then circulated back into the bath via high-pressure message jets. These systems are usually sold as a 6, 8 or 14 jet.

What is the Air Spa System?

The air spa system is a feature that is usually located on the base of the bath. It is flat and comfortable to sit on, and it is safe to stand over. This system works by blowing air into the bath to create a bubbly experience.

12. LIABILITY

12.1 Introduction

12.2 Nothing in this clause 12 shall be deemed to exclude or restrict Eastbrook's liability for death or personal injury resulting from Eastbrook's negligence.

12.2.1 Each of the sub-clauses in this clause 12 is to be treated as separate and independent.

12.2.2 Eastbrook is willing to undertake liability additional to that provided by this clause 12 in exchange for a higher price.

12.2 Exclusion

12.2.1 Eastbrook agrees that if any defect caused by faulty design, manufacture, materials or workmanship is discovered during the period of 3 months commencing with the date of delivery or supply, Eastbrook will remedy any defect at its own expense or, in the case of Goods if it chooses to do so, replace them. Defects caused by abnormal use, misuse, neglect or wilful or accidental damage are not covered by this clause.

12.2.2 The Buyer cannot claim the benefit of clause 12.2.1 above unless:

he informs Eastbrook of the relevant defect in writing within 7 working days of discovering it; and

in the case of Goods, he returns the Goods to Eastbrook at his own expense.

12.2.3 The risk of accidental loss whilst any Goods are being returned to Eastbrook will be borne by the Buyer.

12.2.4 Notwithstanding clause 12.2.1 above, if the manufacturer of any Goods has provided any guarantee of such Goods for a period longer than three months (a "Manufacturer's Extended Guarantee"), Eastbrook shall use its reasonable endeavours to transfer to the Buyer the benefit of any such Manufacturer's Extended Guarantee in respect of the Goods, provided that Eastbrook may in its absolute discretion elect to do so only at the cost of the Buyer.

12.2.5 Any Manufacturer's Extended Guarantee is for the Buyer only who must complete a return and registration form within 30 days of purchase.

12.2.6 Manufacturer's Extended Guarantees are not transferable to third parties and do not cover previously installed products such as ex showroom displays. Failure to complete and return a registration form to Eastbrook within the 30 day period will result in the guarantee on such Goods being limited to that stated in clause 12.2.1 above.

12.2.7 Manufacturer's Extended Guarantees cover Goods which are used for normal domestic use only and are not applicable to Goods which are used for commercial use (i.e. hotels, residential homes, leisure facilities etc.).

12.2.8 In the event that a manufacturer of Goods providing a Manufacturer's

Extended Guarantee pursuant to clause 12.2.3 above ceases trading and/or no longer honours such guarantee, Eastbrook shall have no liability whatsoever to the Buyer with respect to such Manufacturer's Extended Guarantee.

12.2.8 If the benefit of a Manufacturer's Extended Guarantee is transferred to the Buyer, subject to clause 12.2.1 above, and further subject to the defect not being as a result of fair wear and tear, Eastbrook shall only be liable to provide replacement parts. For the avoidance of doubt, Eastbrook excludes any consequential costs involved in the fitting of such parts. Furthermore, with respect to the following these additional terms are applicable:

Perishable components such as non-glass or metallic parts (e.g. plastic parts, seals, wheels etc.) are excluded from a Manufacturer's Extended Guarantee.

Shower and bath screens: Glass and seals for such products are excluded from a Manufacturer's Extended Guarantee.

Towel rails and radiators: Such products must be individually earthed when installed for a Manufacturer's Extended Guarantee to apply.

12.2.9 If, in the sole opinion of Eastbrook, the Goods which are the subject of the Manufacturer's Extended Guarantee have been modified, misused or neglected or have been wilfully or accidentally damaged, Eastbrook shall not be liable under the Manufacturer's Extended Guarantee for the failure of the Goods.

12.2.10 No claim under a Manufacturer's Extended Guarantee will be accepted if Goods have been installed with a fault that would have been clearly visible before installation. A Manufacturer's Extended Guarantee does not cover any Goods which have been modified, altered, transformed or relocated in any way.

12.2.11 Claims under a Manufacturer's Extended Guarantee must be made by the Buyer within 7 (working days) of the defect being discovered.

12.2.12 In consideration for receiving the benefit of this clause, the Buyer agrees that, apart from those terms set out in clause 10 and 11, all other terms, whether conditions, warranties or innominate terms, express or implied, statutory or otherwise, are excluded from the contract between Eastbrook and the Buyer to the extent permitted by law (except where the Buyer deals as consumer within section 12 of the Unfair Contract Terms Act 1977 when the terms implied by sections 13, 14 and 15 of the Sale of Goods Act 1979 shall be implied into the contract).

12.3 Exclusion of Consequential Loss

Eastbrook shall not be liable for any consequential or indirect loss suffered by the Buyer whether such loss arises from breach of a duty in contract or tort or in any other way (including loss arising from Eastbrook's negligence) including, without limitation to the generality of the foregoing:

- loss of profits;
- loss of contracts;
- damage to property of the Buyer or anyone else; or

- personal injury to the Buyer or anyone else (except so far as such injury is attributable to Eastbrook's negligence).

12.4 Limitation

Eastbrook's total liability for any one claim or for the total of all claims arising from any one act or default of Eastbrook (whether arising from Eastbrook's negligence or otherwise) shall not exceed the contract price of the Goods.

13. FORCE MAJEURE

13.1

13.2 Eastbrook shall not be liable for any failure to deliver the Goods or perform the Services arising from circumstances outside Eastbrook's control.

13.2 Non-exhaustive illustrations of such circumstances would be act of God, war, riot, pestilence, epidemic, adverse weather conditions, fire, flood, strikes, lockouts, Government action or regulations (UK or otherwise), delay by suppliers, accidents and shortage of materials, labour or manufacturing facilities.

13.3 Should Eastbrook be prevented from delivering the Goods or performing the Services in the above circumstances, it shall give the Buyer written notice of this fact as soon as reasonably practicable after discovering it.

13.4 If the circumstances preventing delivery of the Goods or performing the Services are still continuing three months after the Buyer receives Eastbrook's notice, then either party may give written notice to the other cancelling the contract.

13.5 If the contract is cancelled in this way, Eastbrook will refund any payment which the Buyer has already made on account of the price (subject to deduction of any amount Eastbrook is entitled to claim from the Buyer) but Eastbrook will not be liable to compensate the Buyer for any further loss or damage caused by the failure to deliver the Goods or perform the Services.

14. SALES PROMOTION DOCUMENTATION

Whilst Eastbrook takes every precaution in the preparation of its catalogue, technical circulars, price lists and its other literature, these documents are for the Buyer's general guidance only and the particulars contained therein shall not constitute representations by Eastbrook and Eastbrook shall not be bound thereby.

15. USE OF DATA

15.1

If the Buyer provides any data relating to the business of the Buyer to Eastbrook for any purpose, then the Buyer agrees that Eastbrook may hold such data and use it in relation to the supply of Goods, to process payment and to inform the Buyer (including all its staff) of other Goods or Services that Eastbrook may offer from time to time. Eastbrook will hold all data relating to the Buyer in accordance with our privacy policy and privacy statements in force from time to time and which is available on demand.

15.2

The Buyer agrees that Eastbrook may share any data referred to in clause 15.1 with third parties only where it is necessary for the provision of the Goods or Services supplied by Eastbrook and further that the Buyer shall hold Eastbrook harmless for the misuse of such data by those third parties.

15.3

In relation to any data supplied by the Buyer to Eastbrook regarding the Buyer's customers, the Buyer warrants and represents that they have obtained consent to share such data with Eastbrook (whether this relates to remedial services or the replacement of Goods or otherwise) and the Buyer agrees to indemnify and keep indemnified, Eastbrook from and against any losses, damages, liability, costs (including legal fees) and expenses incurred by Eastbrook as a result of or in connection with the Buyer's breach of this Clause.

16. NOTICES

Any notice to be given hereunder shall be in writing and shall be deemed to have been duly given if sent or delivered to the party concerned at its address specified overleaf or such other address as that party may from time to time notify in writing and shall be deemed to have been served, if sent by post, 48 hours after posting.

17. ASSIGNMENT

Neither Eastbrook nor the Buyer shall assign or purport to assign or transfer the contract or the benefits thereof to any other person without prior written consent of the other.

18. SEVERANCE

18.1

If any provision of this contract (or part of any provision) is or becomes illegal, invalid or unenforceable, the legality, validity and enforceability of any other provision of the Contract shall not be affected.

18.2

If any provision of the contract (or part of any provision) is or becomes illegal, invalid or unenforceable but would be legal, valid and enforceable if some part of it was deleted or modified, the provision or part-provision in question shall apply with such deletions or modifications as may be necessary to make the provision legal, valid and enforceable. In the event of such deletion or modification, the parties shall negotiate in good faith in order to agree the terms of a mutually acceptable alternative provision.

19. PROPER LAW AND JURISDICTION

The Contract shall be governed by and construed in accordance with English law and all disputes arising in connection with the contract shall be submitted to the jurisdiction of the English Courts.

20. HEADINGS

The headings of these conditions are for convenience only and shall have no effect on the interpretation thereof.
